Service Agreements

Service & Support

Our fully qualified service technicians at Atlas Webster can take care of all your service/maintenance and breakdown issues. With years of experience our team will be able to ensure that your system is healthy and working the way it should be and that you stay comfortable all year round.

Preventative Maintenance can save you money on your Gas and Electricity bills and it also ensures that you don't void warranty by not having your units serviced annually.

Heating and Air-conditioning is a fundamental part of your home. As important as it is to install the right system it is just as important to have it regularly serviced and maintained to ensure it optimises energy efficiency, reduces operation costs and the longevity of your equipment.

Regularly maintained equipment provides you with peace of mind and higher confidence in the equipment and reduces the potential for downtime as we all know that a break down occurs when you can least afford it.

- Basic Service entails**
- Cleaning of Filters
 - Carbon Monoxide Testing
 - Mechanical Checks
 - Electrical checks
 - Fan Checks
 - Gas component checks

We service all major brands of Ducted Heating, Air Conditioning, Split Systems and Evaporative Cooling

Servicing Melbourne and all surrounding suburbs.

Why choose a Service Contract?

- Regular maintenance service optimises energy efficiency and reduces operating costs.
- Priority response time for repairs.
- Regularly maintained air conditioning equipment lasts longer with less down-time.
- Provides you peace of mind and higher confidence in your equipment.
- Price Protection - your agreement price will not be raised during this agreement period

If you are interested in our AtWEB Care service contracts one of our sales representatives can discuss this with you so that you choose a plan that suits your circumstances and equipment.
